Meaning

HIS visage is peace-giving.
HE reposes upon the great serpent, (sheshhanaaga)
From HIS navel springs the lotus.
HE is the mainstay of the universe
HE is like the sky, all pervading.
HIS complexion is like that of clouds
HIS FORM is auspicious
HE is the consort of Goddess Lakshmi.
HIS eyes are like lotus.
Yogis reach HIM through meditation.
I worship VISHNU, the destroyer of the fears of the
world and the sole MASTER of all the universes.

Instructions

1- Always start your recitation after the stotra

(Sanskrit stanza) given for meditation.

2- Now do the thousand names.

3- OM: Every Name starts with OM and ends with Namah.

Please note that Vishnu-Sahatranaam or one thousand names of Lord Vishnu is prescribe Maharshi Parashara in many places in his great astrological classic, the Brihad-Parashara-Hora Shaastra . It is done for peace of mind, prosperity, overcoming ailments and propitiation of planets or graha shanti.

The scheme of transliterationThis statement is not vaid since the transliteration is modified and corrected for Devanagari printout. given by

me here is absolutely arbitrary for which I deserve to be blamed by every Sanskrit sc Yet if it helps some people pronounce it along wiith the audio-cassette, the purpose doing it will have been well served.

This scheme of transliteration\footnotetransliteration is corrected for Devanagari printout . This and above statements are retained to keep the document authentic as fas as K . N . Rao's words are concerned. is based on my experience of teaching the recitation of this great Naamaa-vali to thousands over a period of over three decades.

This stotra, or Sanskrit hymn, should be recited for all round prosperity and peace c mind.

Some additional names\footnoteIt turns out that there are many repeated names. One needs to add 99 more names in addition to those listed below and above to make it truly a collection of 1000 names . Any suggestions are welcome. Even one can construct shloka-s with these names.

A Special Gift from K . N . Rao\footnoteK . N . Rao is a notable astrologer.

It is my 5th visit to the USA (November, 1995) in two years. In future, I may not visit the USA so frequently or even at all . I am not a professional astrologer. I have no duties left undischarged in my life . In that sense I am a burden-free happy man who must not make any more commitment about anything . A mission brought me to the USA which is now nearing its end.

As a gift to my friends in the USA and to other Vedic astrologers I am presenting in booklet the simplest scheme I have followed successfully for graha shanti . I express always strongly and create more enemies . Let me repeat what I said in my interview t Hinduism Today (November 1995):

`` When I sit down and pray for myself or pray for someone whom I love, God rewards me for my sincerity . I generally tell people , ``Do it yourself, even if you do it imperfectly, and God will reward you for your sincerity . If you have a lot of money which you could spend on homa , give it to charity , help a needy person and the nee person's blessings will also help you overcome the misfortunes indicated planetarily This answer makes people unhappy . But, after 30 years, I have seen this alone happening . One must remember that you can deceive anyone in the world except God . ''

I have given the English transliterations\footnoteThe transliteration has been modified and proofread for proper Devanagari printout. of:

Nava Graha Stotras (see a separate file)

1-Nava-graha stotra: there two versions; nine stanza and one stanza . The nine stanz very effective . I have seen it giving very happy results.

2-The two line (one stanza) stotra can be used for continuous chanting very effectiv

Vishnu-Sahasranaamaavali (given above)

For me, the ultimate, best and sweetest remedy for any human problem is the one thous names of Lord Vishnu.

One Hundred Eight Names of Goddess Lakshmi (see a separate file)

Peace, prosperity and general well-being is what everyone needs . So worship Goddess Lakshmi along with Lord Vishnu . This should be done with a sense of non-attachment;

elation if a specific desire is realized, and no disappointment if it is not.

I am also recording all this in a cassette which my friend, Charles Drutman (617-334- will make available to those who want it.

I must make it clear that the scheme of transliterationAs a reiteration, the transliteration is corrected for Devanagari printout . These type of non-essential statements are retained in this file to keep the document authentic as fas as K . N . Rao's words are concerned.

I have followed here is not according to the rules of Sanskrit grammar and the notations followed by Orientologists, but is on my experience of teaching these stotras to thousands and thousands of people over period of 30 years . I am not guru and hate the very idea of becoming one . I am not have lot of yogic discipline in my life . So when I prescribe anything, it is what I working, that I prescribe.
